Tribal Transportation Program

P.O. Box 580 Espanola, NM 87532 • (505) 692-6219

Director: Suzette Shife • Planner: Vacant

Greetings Community Members:

The Tribal Transportation Program (TTP) is a Federal Highway Administration Program Agreement Tribe under the most recent legislation – Surface Transportation Reauthorization Act of 2021 (STRA-21) and the National Tribal Transportation guidelines, 25 CFR 170, as amended. The Agreement authorizes the Tribe to perform the transportation planning, research, maintenance, engineering, rehabilitation, restoration, construction, and reconstruction of tribal transportation facilities that are located on, or which provide access to the Pueblo of Santa Clara Reservation, and are eligible for funding under the TTP, 25 CFR Part 170 and 23 CFR Part 661 (together, the "TTP Regulations").

As indicated in the latest TTP article of September 2023, the TTP has been working with Red Plains Professional, Inc. engineers to plan and design the following road improvement projects: Puye Road at mile marker 2.1 (replace existing culvert, add guardrail, and repair eroded roadway to prevent future erosion); South Housing Area Roads (mill/replace asphalt, replace broken section of concrete, and replace ADA ramps); and, Wild Rose Road (reconstruct existing roadway, add sidewalk on northside to connect with NM 30). As of March 2024, the final design plans are complete for these three projects.

The projected construction timeline for these road projects are as follows; however, dates may change based on the availability of funds, unscheduled delays, or other identified priorities:

- 2024-2025: Puye Road at Mile Marker 2.1
- 2025-2027: Wild Rose Road
- 2027-2029: South Housing Area Roads (Red Clay, Greasewood Mark, Road Runner, Dusty Plaza, Lone Hill, and White Lightning Roads)

The dates above are projected within a five (5) year plan; therefore, TTP will provide you with information and updates for each project through community meetings and notices.

Request that you please continue to notify me of any 911 address updates. Tribal members may request a letter for proof of residency, at which time your address will be verified and the request for a letter will be submitted to the Governor's Office.

We are seeking interested applicants to apply for job positions within the Transportation department: Transportation Planner and/or Budget Analyst. For more information, please contact me at (505) 692-6219.

Thank you.

I am excited to announce that I have hired a contractor to begin work on the 2025 Veterans Calendar. The purpose of this calendar will be to honor all the Santa Clara Veterans who have served in the military and are currently serving, in all conflicts/wars .

Please contact me at vhalfmoon@santaclarapueblo.org if you or your family member have served in the military and would like to be included in the calendar. Also we would like to update the information of the 224 Veterans who were listed on the last page of the 2011 Calendar. The information lacking is the branch of military and years served for each individual. It will be ideal to have a list of all the Santa Clara Veterans and tribal members currently serving or who have recently enlisted.

Please watch for more information which will be forthcoming once the project gets underway. We look forward to your participation.

National Child Abuse Prevention & Awareness Month

April is National Child Abuse Prevention Month, a time dedicated to Child Abuse Education, Awareness and Prevention activities.

The "Blue Ribbon" and the "Pinwheel" are symbols for Child Abuse Prevention. By wearing one of these pins during April and throughout the year, individuals can:

- help **educate** families, children, neighbors, organizations and communities on how to prevent child violence and neglect
- **encourage** community and individual involvement in recognizing and preventing child violence and neglect
- **assist** families in achieving healthy parenting practices through education and resources
- **empower** individuals to report child victimization and intervene in situations where violence and neglect harm children.

Abuse or neglect of a child causes suffering to the most vulnerable, undermines the promise of strength and harmony in families, and is related to long-term mental and physical health risks in the victim's development.

Child Abuse Prevention is possible and we all can do something about it through partnerships among families, Social Services and Behavioral Health, Schools, Law Enforcement and the entire Community devoted to the safety of our children. We must all come together to raise awareness to this cause and make every day A Day of Hope for our children.

EVERY THREE MINUTES A CHILD IS ABUSED IN THE U.S

Please help us bring Awareness to this cause

Please contact the Social Services Department @ (505) 753-0419 if you need further information on Child Abuse Prevention

"Honor Song: A Tribute to Native American Military Service" will be a short documentary celebrating the long history and service of Native Americans in the military. Veterans of the Southwest region will share personal stories and perspectives of their military service and cultural experience. Those currently serving will highlight the continuing dedication of service in the military; the particularly high level of representation of Native American females; and how the integration of cultures plays a role for the future. The film showcases and honors those who have served, are serving, and are yet to serve.

In collaboration with the New Mexico Media Arts Collective, an initiative of the New Mexico Economic Development Department, Sovereign Mind Productions, the Department of Cultural Affairs and the New Mexico Film Office, the short documentary film "Honor Song: A Tribute to Native American Military Service" will be produced to commemorate the reopening of the New Mexico Military Museum, aiming to celebrate the rich heritage and invaluable contributions of our Veterans, with a particular emphasis on those with Native and Indigenous backgrounds from our region.

Navajo filmmaker, Ryan Begay, brings the unique perspective of an Air Force Veteran to this project. Mr. Begay's company, Sovereign Mind Productions, will take the lead in crafting this documentary, while the New Mexico Media Arts Collective will offer crucial support and assistance every step of the way.

Our plan involves a series of interviews with various military era Veterans and active-duty personnel, set against the evocative backdrop of New Mexico landscapes and military installations. Incorporating stories and perspectives from the Navajo Nation, Apache Nations and Pueblos. These interviews are intended to highlight not just the personal narratives and sacrifices of these individuals, but also to underscore the importance of military service through a unique cultural lens.

Our Production timeline provides filming during the last week of March to the end of April with May being reserved for any reshoots that may be needed while also starting the editing process of the film.

Should you have any inquiries, concerns, or require additional information, please feel free to reach out. We are keen to further discuss this project and hopeful for the chance to collaborate with you on this significant endeavor.

Thank you,
Ryan Begay

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Failure to Correct Significant Deficiencies

The **Santa Clara Pueblo Public Water System (PWS ID 063500166)** failed to correct significant deficiencies identified during a sanitary survey within the timeline required by the Safe Drinking Water Act. This resulted in a violation of the Ground Water Rule. Even though this was not an emergency, as our customers, you have a right to know what happened and what we did to correct this situation.

What happened?

On December 14, 2016 EPA Region 6 Drinking Water Staff performed a detailed evaluation of the water system, called a sanitary survey. From these surveys, the EPA identified significant deficiencies with the water system's facilities, operations and management. Some of these deficiencies remained unaddressed from previous deadlines for correction.

What should I do?

- There is nothing you need to do at this time. You do not need to boil your water or take other actions.
- You may continue to drink the water. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

What does this mean?

This is not an emergency. If it had been, you would have been notified within 24 hours. But as our customer, you have a right to know what happened and what we are doing to correct this situation. Inadequately treated or inadequately protected water may contain disease-causing organisms. These organisms can cause symptoms such as diarrhea, nausea, cramps, and associated headaches. However, these symptoms are not only caused by organisms in drinking water, but also by other factors. If you experience any of these symptoms and they persist, you may want to seek medical advice.

What is being done?

(please complete) ___ these deficiencies are being worked on to correct all of them by the end of the next couple of years due to lead times on parts then we will prepare for installation. ___

For more information, please contact ___ Steven Trujillo ___ at ___ 505-692-6246 ___

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the Santa Clara Pueblo Water System (PWS ID# 63500166)
