Women's History Month: Honoring Native American Women Veterans

During Women's History Month 2024, VA Office of Women's Health is honoring Native American women Veterans. VA recognizes the impact your advocacy, contributions, and sacrifice have made on our military history. Native American women Veterans have had an exemplary tradition of military service for over 200 years, overcoming adversity and serving at a higher rate compared to all other demographics.

During World War I, several Native American women volunteered to join the Army Nurse Corps, before they were even considered American citizens (which would not be granted to Indian Nations until 1924). During World War II, approximately 800 Native American women joined the military. Native American women have continued to serve throughout our history, during the Korean War, Vietnam era, Persian Gulf War, and Post-9/11 – working as nurses, pilots, and more. Today, Native American women serve in all branches of the Armed Forces.

VA understands that your health care is shaped by language, culture, and other social factors. We aim to provide culturally tailored health initiatives to improve your experience at VA and your health outcomes. From training our VA health care providers to consider your individual cultures, values, and experiences, to acknowledging your holistic beliefs in health and preferences for traditional healing methods, we provide you with the care you need.

VA partners with Indian Health Service, Tribal Health Programs and Urban Indian Organizations (I-T-Us) to improve your health care and ensure VA-enrolled, eligible Native American women Veterans and their families receive reimbursement for care from IHS facilities. If you're not currently enrolled in VA health care, we encourage you to give us a chance!

We're proud to serve Native American women Veterans and are continuously aiming to ensure we provide you with culturally sensitive and respectful care you can trust. Thank you for your service.

## Employees Appreciation Luncheon

The lunch was provided on February 29th, in recognition of all the hard work that is accomplished daily by the staff in support the goals of the Tribal Administration. The staff's productivity, working as a team, results in many benefits for our Community.

Thank you coworkers! Your dedication and commitment to doing a good job is appreciated.

The Employees Appreciation Luncheon was sponsored by the Human Resources staff.

National Indian Council on Aging Annual Meeting was held at the Santa Claran Event Center on Friday, February 29th.

Cedric Chavez, (top right), is the President of the New Mexico Indian Council on Aging and (below right) is the Executive Director of the National Indian Council on Aging, NICOA. The NICOA was founded in 1976 and its mission is to advocate for improved comprehensive health, social services and economic wellbeing for American Indian and Alaska Native Elders.

Participation at the meeting included representatives from each of the 20 Pueblos. The meeting included updates and opportunities for programs.

Maggie Salazar, at 100, was recognized as the oldest person in attendance.

Meeting participants were treated to a Hoop Dance performed by Kha'p'o Community School, 3rd grader, Krislyn Montano.

The Santa Clara Tribal Member Veterans Meeting was held at the Senior Center on February 27. Thank you to the Veterans who joined us for breakfast and to meet the different department staff to hear about opportunities available to them.

The Senior Center provided the meeting space and the departments of Adult Care, Agriculture, Behavioral Health, Library Services, and Social Services set up resource tables to discuss their programs further and Vital Statistics created a brochure of services to hand out as well. Self-Governance, assisted with funding to purchase the breakfast and some of the gifts while INPRO coordinated the event and provided funding for some of the gift items and break goodies along with the Senior Center. Thank you to all for your participation. This meeting showed the commitment the departments have to support our Veterans.

OFFICE OF GOVERNOR

From: J. Michael Chavarria, Governor

Date: February 27, 2024

---

Greetings to all and I hope you are in good health!

On February 23, 2024 Santa Clara Pueblo Tribal Council enacted a Tribal Council Resolution ending the emergency declaration for COVID-19. This declaration was enacted on March 13, 2020. When enacted, it placed the Pueblo into an emergency response situation. Now that the Pueblo has seen a drastic decrease in the number of reported cases, Tribal Council feels it is a good time to rescind all COVID-19 restrictions. At this time the Emergency Operations Center will also transition from response to recovery.

Also, at this meeting, all restrictions and requirements under the Pueblo Health Order were rescinded as well. Therefore, there are no longer any requirements as it pertains to COVID-19. As such the assistance that was provided to the community will not be available. We will not be able to purchase groceries nor provide cleaning supplies to homes. We will also no longer provide at home test kits. Lastly, there will no longer be a requirement to inform the Pueblo of a positive case.

These changes will take effect on March 1, 2024.

If you have any questions or concerns, please feel free to contact the Governor's office.

# STOP

## Feeling sick?

Stop the spread of flu in the workplace.  
**Stay home when you are sick.**

Common Flu Signs & Symptoms Include:

**Fever\* or feeling feverish/chills**

\*It is important to note that not everyone with flu will have a fever.

**Sore throat**

**Runny or stuffy nose**

**Cough**

**Muscle or body aches**

**Headaches**

**Fatigue (tiredness)**

*Flu is different from a common cold.  
Flu usually comes on suddenly, and in general symptoms are more intense compared to the common cold.*

## If you think you may have flu tell your supervisor and stay home from work.

All employees should stay home if they are sick. CDC recommends that you stay home for at least 24 hours after your fever (100 degrees Fahrenheit or 37.8 degrees Celsius) is gone. Your fever should be gone without the need to use a fever-reducing medicine. If you have flu without a fever, you should stay home at least 4-5 days after the start of your symptoms.

## VA Health Care PACT ACT Eligibility Expansion

Beginning today, three new cohorts of Veterans are eligible for VA health care under the PACT Act:

- Veterans who participated in a toxic exposure risk activity (TERA) while serving on active duty, active duty for training, or inactive duty training.
- Veterans who performed active service while assigned to a duty station in (including airspace above) certain locations during specific periods of time:
  - On or after August 2, 1990, in the following countries: Bahrain, Iraq, Kuwait, Oman, Qatar, Saudi Arabia, Somalia, or the United Arab Emirates.
  - On or after September 11, 2001, in the following countries: Afghanistan, Djibouti, Egypt, Jordan, Lebanon, Syria, Yemen, Uzbekistan, or any other country determined relevant by VA. (Note: VA has not determined any other country relevant at this time.)
- Veterans who deployed in support of Operation Enduring Freedom, Operation Freedom's Sentinel, Operation Iraqi Freedom, Operation New Dawn, Operation Inherent Resolve, or Resolute Support Mission.

These cohorts were originally granted eligibility on a phased-in schedule between October 2024 and October 2032. By eliminating the phased-in approach and expediting the timeline to allow all eligible Veterans to enroll beginning today, we can now provide more Veterans with the care and benefits they have earned sooner.

I want to acknowledge the significant work that has happened behind the scenes leading up to this expansion—some of which began nearly a year ago. Thanks to the tremendous efforts from many of you, we are now one step closer to bringing every eligible Veteran into VA care.

I also want to acknowledge the work still to come for all of us—much of which will begin now, as we spread the word to eligible Veterans and welcome them to VA. Please review the following resources, information, and communications materials to support our efforts:

- [Federal Register Notice](#)
- [News release](#)
- [Strategic Communications Plan](#)
- [Additional communications materials](#)
- [PACT Act Resource Room](#)

VA encourages all eligible Veterans to visit [VA.gov/PACT](https://va.gov/PACT) or call 1-800-MYVA411 to learn more and apply for VA health care beginning March 5. Since President Biden signed the PACT Act into law on August 10, 2022, more than 500,000 Veterans have enrolled in VA health care.

For more information about how the PACT Act is helping Veterans and their survivors, visit VA's [PACT Act Dashboard](#). To apply for care or benefits today, visit [VA.gov/PACT](https://va.gov/PACT) or call 1-800-MYVA411. More information on eligibility can be found at [VA.gov/PACT](https://va.gov/PACT).
